

# METRO MACHINE, INC.

*When it has to be right*

Primary Contact:  
Philip Stephan, President  
303-761-3434  
inquiry@metro-machine.com

**AS9100 Rev D**  
**ISO9001:2015**  
Certified

**Cage Code:** 1EM88  
**DUNS#:** 007088230  
**UEI:** JYRTAG31ND38

**ITAR**  
Registered

## NAICS Codes

332313, 332710, 332721,  
332722, 336413, 336415  
336419

## CAPABILITIES

**Machine Shop, Manufacturing, Precision Turning, Fabrication, Assembly**  
Accurate mission-critical machined parts for the Aerospace and commercial manufacturing industries. It is our expertise, state-of-the-art equipment, and flexibility that ensures we meet or exceed our customer's expectations.

- CNC Milling
- CNC Turning (Live Tooling Capabilities)
- Grinding

## EQUIPMENT

- 7 Axis Multi-Spindle Turning Center
- APL Turning Center (2" Bar – 8" Chuck) with Automatic Parts Loading
- (2) 5 Axis Machining Centers w/Full 5 Axis Capability (up to 26x 26y 32z)
- 3 and 4 Axis Machining Centers
- Hi-Net Bridge Mill Machine with 15,000 rpm Spindle (80x 50y 32z)
- Mastercam Software
- Zeiss Accura II DCC CMM
- Multi-Application Sensor System with VAST XXT Scanning Probe
- Custom Built Climate Controlled Inspection Lab

## CUSTOMERS

In Support of many missions, including  
**ORION & MARS 2020**

- Lockheed Martin Space Systems
- SEAKR Engineering
- Woodward Inc.
- B/E Aerospace Limited
- Bechtel National Inc.
- Sierra Nevada Corp

## MATERIALS

- Steels
- Stainless
- Exotic Metals, including Titanium
- Aluminium
- Plastics
- Composites
- Molybdenum
